

## Scan-Pac Employee Enters Maintenance Apprenticeship Program

---

October 2, 2015

For Immediate Release,

Scan-Pac Manufacturing in Menomonee Falls, Wisconsin is pleased to announce that Erich Plautz recently signed up for our Maintenance/Millright Apprenticeship program. Wisconsin is leading the way in this apprenticeship training program which assists in helping manufacturing professionals gain the training necessary to become highly skilled employees. Erich's training at Scan-Pac and coursework through Waukesha County Technical College (WCTC), will last 4 years, upon graduation Erich will be awarded a Journeyman Maintenance Technician card.

Alyce Boylen (HR Manager), Erich Plautz (Maintenance Apprentice), Joshua Johnson (Department of Workforce Development), and Shawn Sobieralski (Plant Manager)

This a supervised program in which the State of Wisconsin monitors the overall progress. Scan-Pac is excited about the program because it offers a tremendous opportunity to develop its employees. The company is committed to investing in employee personnel which in turn yields a highly skilled workforce. Both Erich and Scan-Pac are looking forward to the challenge and long-term partnership that will be offered through the Journeyman Maintenance Mechanic program.

Scan-Pac values its employees and invests in them for the long term. This apprenticeship program is an example of how the company supports ongoing growth of individuals through education opportunities, regular training, and seminars. "Our company has a strategic goal to become an employer of choice within the community. The Apprenticeship Program supports that goal by developing our employees and promoting the long term success of the company," stated Michael Dover, company President.

For more information about apprenticeship programs in the state of Wisconsin as well as a list of contacts in each region, please visit the website listed below.
