

Scan-Pac Manufacturing Announces New President

May 31, 2018

Dear Customer,

Scan-Pac is pleased to announce the appointment of Craig Armstrong, *CEng*, as President earlier this month.

Armstrong became the 6th president of Scan-Pac since their inception in 1973. He assumed the position previously held by Michael Dover for ten years. Craig is both a UK citizen and permanent U.S. resident.

He brings with him an extensive background in sales & marketing, engineering, and manufacturing. He spent nine years working for John Crane, starting in engineering and leading to several leadership and management positions before becoming Director of Global Transformation. John Crane is a multi-national corporation providing engineering products for rotating equipment applications in the oil and gas, power, commercial, and general Industry markets. Most recently Craig served as Commercial Director for Europe, the Middle East, India, and Africa at Bridon-Bekaert, The Ropes Group.

Craig is an accomplished business leader with a strategic mindset and track record for delivering results in a business-to-business industrial sales environment. He is experienced in developing high performing organizations through clarity of purpose and by nurturing a culture of empowerment and accountability. He also brings a high level of technical knowledge and understanding to Scan-Pac, having earned his master's (*MEng*) of engineering from Loughborough University, UK. Craig is also a chartered engineer with the institute of mechanical engineers in London, UK.

Craig's outstanding leadership and strategic goals will grow and strengthen our global footprint, while maintaining our position as a top-tier friction materials manufacturer in North America. Armstrong is focused on the future and helping move Scan-Pac to the next level of operational excellence.

Scan-Pac Mfg. is a manufacturer of non-asbestos friction materials and phenolic laminates for use in a wide range of industrial and oilfield applications. The company has three manufacturing locations that include two facilities in Menomonee Falls, Wisconsin and one in Magnolia, Texas.

Scan-Pac employs more than 100 individuals and has proudly been in business for more than 45 years.

Please check out our newly updated website and download our Scan-Pac App using the links below, or find it on the App Store or Google Play.

Thanks and best regards,

Jeff Lichey
VP, Sales & Marketing
