

Scan-Pac Employee Enters Maintenance Apprenticeship Program

September 25, 2015

Dear Customer,

Scan-Pac Manufacturing in Menomonee Falls, Wisconsin is pleased to announce that Eric Plautz recently signed up for our Maintenance Apprenticeship program. Wisconsin is leading the way in this apprenticeship training program which assists in helping manufacturing professionals gain the training necessary to become highly skilled employees. Eric's training at Scan-Pac and schooling through Waukesha County Technical College (WCTC), will last 5 years, and at the conclusion Eric will become a Journeyman Maintenance Mechanic.

Alyce Boylen (HR Manager), Eric Plautz (Maintenance Apprentice), Joshua Johnson (Department of Workforce Development), and Shawn Sobieralski (Plant Manager)

Friction Materials & Phenolic Bearings

This is a supervised program in which the State of Wisconsin monitors the overall progress. Scan-Pac is excited about the program because it offers a tremendous opportunity to develop its employees. The company is committed to investing in employee development which in turn yields a highly skilled workforce. Both Eric and Scan-Pac are looking forward to the challenge and long-term partnership that will be offered through the Journeyman Maintenance Mechanic program.

Scan-Pac values its employees and invests in them for the long term. This apprenticeship program is an example of how the company supports ongoing growth of employees through education opportunities, regular training, and seminars. At the end of the day, the goal is to develop its personnel in acquiring skills and education that will contribute to their growth and the ongoing success of the company.

For more information about apprenticeship programs in the state of Wisconsin as well as a list of contacts in each region, please visit the website listed below.
